

# Hebron Hawk Fan Playbook

Hebron Hawk fans come to each game **“Loud & Proud”** to support our Hawks with all Future Hawks wearing our colors (Royal Blue, Black, and Silver/White). Fan favorites include Cow Bells decorated with your players number, and wood planks painted in black/blue. (Wood planks are 2x4 cut into 8” lengths)

Hawks on **DEFENSE: Cheer loudly on third down, and STAND UP on fourth down. Ring out those cow bells and stomp your feet.** We want our players to hear us on the field!

Hawks on **OFFENSE:** We want our fans to cheer at the end of the play. Before the QB snaps the ball we want to be quiet so the players can hear the count. On first down stand up & chant **“First down, Move the Sticks!”** Move your arms showing them to move it forward! (This tradition was started in 2005 by Varsity moms)

**“Bring The Wood” The tradition of Hebron’s spirit motto “Bring the Wood” started with a freshman class!**

Back in 2000, Hebron had a pretty good freshman class. They possessed talent and potential, and the coaches saw what the players could not. After a scrimmage against Joshua High School, Coach Sam Harrison told them they were being soft and not playing to their potential. He told them they needed to Bring The Wood! (Hit the opponent in the mouth). So, the next day two students brought a fence picket painted with the slogan, bring the wood. It stuck! They carried the fence picket to every game; they lived by the motto and came prepared to deliver their best on the field and off. They were the first team to win a district championship in football, winning the 2000 District 9-4A championship for freshman teams.

Today that tradition lives on, all players are encouraged to "Bring the Wood" (abbreviated BTW) by their coaches and a large plank of wood can still be seen at the football games with the phrase inscribed on its side. The popularity of this slogan has earned Hebron's stadium the nickname "The Woodshed".

**#BringTheWood #BTW**
